

Authorized DOT Cylinder Retesters - U.S. and International

Persons authorized to retest DOT cylinders under 49 CFR 173.34 are listed in two formats. The first format lists the retesters sequentially by Identification Number. The second format lists each state's retesters alphabetically by city and company name. The retester identification number, the name and address, the classes of cylinders authorized for retest, the date of the most recent authorization and current status of the retester is provided in both formats.

Additionally, the ASCII and/or Dbase files can be downloaded from our [Available Files and Documents page](#).

Office of Hazardous Materials Safety Current and Frequently Requested Exemptions

The Office of Hazardous Materials Safety is providing scanned copies in Acrobat PDF¹ format of every current exemption (with date and signature) and, due to numerous inquires, several expired exemptions. These exemptions are official copies of the original documents which can be viewed and/or printed. The exemption files will be updated every Monday to ensure data accuracy.

Note: You must know the exemption number(s) you wish to obtain before proceeding. The listing only contains the exemption number.

Please contact the Office of Hazardous Materials Exemptions and Approvals by telephone ((202) 366-4535) or by [email](#) if you have questions concerning or problems viewing the exemptions files.
